When you look at sporting achievements over the last decades, it seems like humans have gotten faster, better and stronger in nearly every way. Yet as David Epstein points out in this delightfully counter-intuitive talk, we might want to lay off the self-congratulation. Many factors are at play in shattering athletic records, and the development of our natural talents is just one of them.

David Epstein: Are athletes really getting faster, better ...

Assuming that you're engaging in manual sex-- hands or fingers engaged with your genitals, fingering being one term for that -- to express or explore your sexual feelings or desires, fingering IS sex. Just like intercourse can be sex, just like oral sex can be sex, just like full-body massage can be sex.. What is and isn't sex isn't so much about what body parts are doing what, but about what ...
